Dear CCA:

The Officers and Board of the Collie Health Foundation are pleased that you voted to transfer the funds in the CCA Canine Health Foundation (\$58,778.82) to allow the CHF Grants Committee to find qualified grants on your behalf. (Reference April Communique Ballot Results.)

The Grants Committee is comprised of well-trained experts led by Dr. Nancy Kelso. I am confident that their efforts will uncover new research opportunities pertinent to the benefit of our collies. Their findings are presented to the CHF Board for review and approval so you can be confident that the monies will be invested wisely and appropriate credit given to CCA.

Thank you for your continuing support.

Very truly yours,

Gerrie Oliver, President
